National Rifle Association Chartered State Association

Who are we?

As the NRA’s “boots on the ground” in Wisconsin, Wisconsin FORCE takes its lead from the NRA. Our mission is to promote and support the purpose and objectives of the National Rifle Association, while protecting and defending the Constitutions of the United States and the State of Wisconsin. Formerly Wisconsin Rifle and Pistol Association, loosely formed in the 1920s and incorporated in 1963, we changed our name in 2008 to be more inclusive and to better achieve our mission.

Award Winning State Association -- Wisconsin Firearm Owners, Ranges, Clubs, and Educators, Inc. was named both the NRA and NRA ILA association of the year in 2011. Today, Wisconsin FORCE remains at the forefront in the support of our members and defense of the Second Amendment in the state of Wisconsin.

NRA-ILA Jay M. Littlefield Memorial Organization of the Year Award

Miranda Bond, Grassroots Coordinator, NRA-ILA Grassroots Division. The state of Wisconsin has experienced the great restoration of its citizens’ Right to Keep and Bear Arms in the history of the state. This effort was led by Wisconsin FORCE. From Right-to-Carry to “Castle Doctrine” and a number of bills supporting Wisconsin’s great sporting and hunting heritage, the firearm freedoms of NRA members and gun owners throughout the state have undergone a transformation. Wisconsin FORCE has been there every step of the way, ensuring this historic legislation passed. They stood by pro-gun Governor Scott Walker working vigorously defending him in his recall election and fighting anti-gun attacks against him. These are just a few of the efforts undertaken by Wisconsin FORCE to change Wisconsin law and support their great Governor. Thanks to Wisconsin FORCE’s dedication and hard work, all law-abiding Wisconsinites have the ability to defend themselves and their families, both inside and outside their homes.

With the

Wisconsin FORCE is the lead state organization in Madison. The NRA leads in most issues and supports Wisconsin FORCE’s lead initiatives. “Wisconsin FORCE is the vocal leader on 2nd Amendment issues as the state’s NRA affiliated local organization. Wisconsin FORCE works closely with the NRA State Liaison in Madison and across the Badger State.” “NRA is extremely proud of the work and advocacy provided by our official chartered state association, Wisconsin FORCE. Wisconsin has seen a great deal of change and improvement in regards to gun laws and hunting policy over the previous legislative sessions. Improving the rights of law-abiding gun owners is the direct result of NRA, Wisconsin FORCE, and advocates across the state working toward the common goal of protecting every citizen’s Constitutional Right to keep and bear arms.” NRA-ILA Wisconsin State Liaison Scott Rausch (pictured right):

“NRA continues to be proud of our official chartered state association Wisconsin FORCE. Over the past several years Wisconsin has seen historic improvements to gun laws and hunting policy that benefit all citizens. Alongside NRA, Wisconsin FORCE’s growing presence in Madison and around the state helped make those changes a reality.”

Former NRA State Liaison Brent Gardner (pictured left).
In Madison!
As the NRA’s “boots on the ground,” Wisconsin FORCE is the lead state organization. In the past, as Wisconsin Rifle and Pistol Association, we were involved politically in varying ways, but in 2008, we made it a priority and continue to do so today.
The NRA is vigilant in monitoring Wisconsin, working with and relying on Wisconsin FORCE to keep them informed.
Our main lobbyist, Bob Welch, who’s office overlooks the Capitol, keeps a constant eye on all activities at the capital. Bob keeps us informed and is the lead of the Hunters Rights Coalition (HRC). HRC ties pro-second amendment groups together helping form a strong Wisconsin coalition.
Wisconsin FORCE works with lawmakers providing advice on firearm related issues before the laws are written. We monitor ideas being discussed in the Capitol, provide support for pro Second Amendment bills, and oppose the bad.
During the Doyle administration, working with our NRA-ILA Representative, we stopped numerous bad bills that would have directly and indirectly infringed on our rights including: micro-stamping, straw purchasers, thrill kill, Stewardship diverted to invasives, DNR Stewardship Rules, domestic violence, restraining orders, and domestic violence/firearms possession. In 2010, Wisconsin FORCE was the lead in passing additional range protection which was signed into law by Governor Doyle. Under Governor Walker, we have had great success. As the top state organization working with NRA/ILA, we passed bills such as our concealed carry bill (one of the best in the Nation), castle doctrine, removal of the 48 hour waiting period, right to hunt (hunter harassment), elimination of Earn a Buck, implementation of a Wolf hunting season, Sporting Heritage bill, Bear Bill, leave tree stands on public land, February season for returning Vets, gun cases, allow guns for Hunter Education on school grounds, intentionally receiving a stolen gun, green fur, puppy mills, and youth mentored hunting, just to name a few. We stopped bans on semi-autos, the removal of preemption, wasting money on futuristic handgun technology, reinstating the 48 hour waiting period, and many more. In 2014, Wisconsin FORCE again passed an addition to our range protection, and in 2015/2016, passed a much needed cleanup of the state’s knife laws, including preemption. The bill was signed into law at our annual meeting at the NRA/Wisconsin FORCE state convention. “....They are an asset to all freedom loving Americans.” Governor Scott Walker
We are working to have full disclosure of the use of Pittman Robertson money, having the DNR create a spending plan, and pushing for range/club grants. We sit on several DNR committees giving a grassroots voice to the management of our resources. "In just the last few years, Wisconsin FORCE has gone from an organization that few in State Government had heard of, to an organization that is widely recognized as the strong right hand of the NRA in Wisconsin." Bob Welch The fight is never over, and we stand vigilant monitoring the constant assaults on our rights. Wisconsin FORCE is there every day. Join us and be there too!

Nationally
A strong Wisconsin FORCE makes a strong NRA. Wisconsin FORCE took the lead position in organizing 39 other State associations in filing two Amicus Briefs with the US Supreme Court. One brief petitioned to have the case heard and the second was with regard to NRA & McDonald v. Chicago. We also petitioned for the Wisconsin Attorney General to intervene in support of the NRA in the case. Wisconsin FORCE continues to work with other state associations to promote and support the NRA.

Competition
Wisconsin FORCE supports and promotes organized shooting from experienced shooters to the development of new shooters, Wisconsin FORCE offers assistance from connecting shooters to established programs, advising new programs, and supporting existing programs. The Wisconsin FORCE Junior Service Rifle Team is going strong and our presence is known not just because of the great shooters at local to national matches, but as an active group of coaches, shooters, and supporters that reflect the values of Wisconsin when they travel out of state.
Range support for you and your local club!
Wisconsin FORCE is the top resource in the state for range upgrades, improvements, and expansions. Our advice is used by clubs, law enforcement, businesses, and the Wisconsin Department of Natural Resources (WDNR) revitalizing all the publicly owned ranges in the state. Wisconsin FORCE offers range seminars that educate ranges, clubs, and businesses on how to upgrade their ranges.

Include Wisconsin FORCE when upgrading facilities; it will save time and resources. Ranges are site specific; what may be required at one range may be a waste at another. Club resources such as location, member skills, and finances are also a determining factor along with range usage and user needs. We can give you ideas on what may be best suited for your specific application, help you understand state law, and connect you directly to the great minds at NRA legal when needed.

For Range and Club issues contact Jeff at jeff@wisconsinforce.org 920-687-0505

Wisconsin is home of some of the Nation’s best ranges!
Wisconsin has approximately 900 ranges which vary from small community ranges to the Winnequah Gun Club in Lodi, Wisconsin’s only 1200 yard range. Having hosted the F Class National Championships twice before, Winnequah will again host them in 2016 and 2017. They also hosted the USPSA Area 5 Action Pistol match in 2015 and 2016. Wisconsin ranges have been fertile ground for developing some of the Nation’s top shooters including current and former World Champions. Everyone benefits when local ranges are accessible, offer firearm education, and offer a safe place to compete and practice.

NRA Board of Directors F.E. (Buster) Bachhuber Jr.
Buster has always been a supporter of gun rights, the NRA, and the state association. He has served Wisconsin well as an NRA Board of Director and for Wisconsin FORCE, as a past president, long time advisor, and board member. Buster was a driving force at the NRA’s regular meetings to institute Wisconsin’s Armed Forces Camp as a national program. He continues to represent Wisconsin at the NRA, advising and supporting Wisconsin FORCE.

**Wisconsin FORCE Membership is separate and independent from NRA membership!**
Nation's Leader in Program Development

Wisconsin is a leader in developing programs. In 1995, Youth Outdoor Fest kicked off. This then became the current NRA Day. In 1997, NRA Women’s SportsFest began, which then became Women on Target Instructional Clinics. In 2000, the NRA Youth Shooting Programs Seminar was developed. This is a 5 hour adult course designed to teach clubs how to get involved. A State Block Grant program was developed in 2003. In two years Wisconsin was doing more NEW introductory public shooting programs than any two states combined. We also developed the State President’s Council, now the NRA’s Club University. In 2004, the Poolee Program was developed (now known as USMC/NRA Basic Rifle Shooting Fundamentals Camp) which introduces U.S. military signed recruits to the M16/AR15 type rifle. This has now become the NRA Armed Forces Camp and continues to be a huge success. In 2005, we re-implemented the NRA Field Support Team program. In 2006 we held the first annual NRA/Wisconsin FORCE Convention. Wisconsin FORCE continues to support, assist, and help develop programs that will continue to keep Wisconsin in the forefront of the nation.

Education and Training

The NRA has organized programs for women, by women of the NRA; it’s as easy as can be. Whether a woman’s interest is personal safety, gun safety, gun knowledge, marksmanship, hunting, recreational or competitive shooting, the NRA has a variety of programs and activities that encourage female participation at all skill levels.

NRA Youth Programs help America’s adult leaders and national youth serving organizations to set up shooting programs, introduce the first-time or intermediate shooter to a lifetime of recreational and competitive opportunities, and develop programs for NRA youth members and NRA-affiliated youth clubs. Wisconsin FORCE recognizes and supports groups like Heritage Shooting Incorporated, the lead in program development, to the Pulaski Police Officers who offer affordable concealed carry classes for the general public. In addition, Wisconsin businesses offer high quality, nationally recognized programs such as courses offered by the Massad Ayoob Group (MAG). The premier MAG classes (formerly Stressfire) have been offered in Wisconsin since 2000. Massad is a great supporter of Wisconsin FORCE. “I salute Wisconsin FORCE for all the solid work it has done in securing good people’s rights to protect themselves and their loved ones, both at home and in public.” Massad Ayoob

In 1967, the Wisconsin Hunter Education program was developed by the DNR partnering with the NRA. The program has been instrumental in the safe exercising of our rich sporting heritage. Wisconsin FORCE continues to support quality education across the state.

Wisconsin FORCE and the NRA

Working with the NRA is a big part of our success. It allows the great people in Wisconsin to thrive. Not only do we utilize NRA programs, but we also promote programs that were designed and developed here and are now National programs. A big part of the success of the development of these programs is our NRA Senior Field Representative Scott Taetsch. Scott’s contributions are many and have been recognized Nationally. Wisconsin FORCE has a great working relationship with Scott and his volunteer base, both the Friends of NRA Teams and Volunteer Field Support Team. The NRA’s Field Support Team system was started years ago by Mr. E.J. Land, legendary Marine Officer, who is considered the “father of the Marine Corp sniper program,” Carlos Hathcock’s Lieutenant in Vietnam, and former NRA Secretary. In 2007, prior to being elected to the Wisconsin FORCE Board of Directors, Jeff Nass worked with Field Representative Scott Taetsch to reinstate the Field Support Team in Wisconsin. Like Wisconsin FORCE, Scott’s success is due in large part to the highest level of integrity that ensures the future rights of Wisconsinites. “As the NRA’s boots-on-the-ground, Wisconsin FORCE has been instrumental in achieving success. Not only legislatively in Madison, but also at local levels throughout the state. We now have one of the best State Associations in the nation promoting the NRA’s public benefit programs and in assisting the NRA in keeping our ranges open and safe.”

Supporting The Non-Profit “Wisconsin” Friends of NRA Foundation

Wisconsin FORCE supports the “Friends” in Wisconsin. Executive Director Jeff Nass was the former Chairman of one of the Teams, emcees several banquets, and volunteers at others. Our Board and many of our members are part of the driving force on the Teams state-wide. NRA Senior Field Representative Scott Taetsch leads dedicated individuals across the State who are passionate and concerned about the future of the Second Amendment. Since 1995, the “Friends” have raised and spent over $3.6 million in the state. There is something for everyone at the banquets. From the moment you walk in, the atmosphere is brimming with excitement. Whether you’re keeping an eye on that unique item in the silent auction, trying your luck at the game tables, or just dining on some delicious food, you’ll be sure to have a good time. It’s a family-exclusive, limited edition merchandise, to firearms, knives, art, jewelry, and more. Not to mention - process! Whether you attend a Friends of NRA banquet for the fun, fellowship, or fund-raising, safeguard programs in Wisconsin and across the nation that prepare today’s generations to be tomorrow’s guardians of the Second Amendment. See more at: http://friendsofnra.org
The Future of Wisconsin FORCE

From the very beginning, Wisconsin Rifle and Pistol Association, lead by a long list of committed volunteers, kept Wisconsin moving forward. Over those years, many major accomplishments were realized. The latest changes began in 2008, when Wisconsin FORCE took major steps in fulfilling the requirements of being the NRA’s chartered state association. This was done with the support of the Board of Directors under the leadership of Jeff Nass. The Board is 100% volunteer and Jeff, as a volunteer, lead as president for five of his six years on the Board. Under his leadership, Wisconsin FORCE has become one of the Nation’s premier organizations.

Wisconsin FORCE Executive Director Jeffrey (Jeff) L. Nass

Because of the accomplishments of Wisconsin FORCE, in 2013, at the end of his second, three year term, Jeff was hired to manage Wisconsin FORCE as Executive Director. Jeff's diverse background puts him in a unique position to lead the State association. Jeff's life has revolved around self defense, including teaching martial arts for 30 years. His successful commercial martial arts school held classes including traditional and modern (firearms) martial arts weapons. During his presidency, with the support of his wife Jenna, he closed his studio of 18 years and now devotes his time helping to ensure the future of Wisconsin FORCE and the Second Amendment in Wisconsin and the Nation.

Wisconsin FORCE President Receives National Award (Pictured below left to right: NRA President David Keene, Jeff Nass and NRA Executive Director Chris W. Cox)

As president in 2010, Jeff was recognized for his part in moving Wisconsin FORCE forward. "In recognition of the continued dedication, and truly meritorious efforts in 2010, it is with great pleasure that we present Jeffrey L. Nass with the 2010 NRA ILA Jay M. Littlefield Volunteer of the Year Award. Thousands of NRA members and gun owners across the nation deserve credit for contributing countless hours of volunteer support in defense of the Second Amendment. However, without Jeff's determination and leadership, the rights of Wisconsin gun owners would have been lost long ago. Whether it is working to help draft key legislation, attending legislative meetings, or testifying before committees to ensure that the Second Amendment is protected for all law-abiding Wisconsinites, Jeff's exceptional activism in defense of our freedom shows that he is more than deserving of this award. On behalf of the NRA and gun owners in Wisconsin and across the nation, we congratulate you on receiving this prestigious award, and thank you for your patriotic selflessness and commitment to preserving the Second Amendment." Yours in freedom, Chris W. Cox

Jeff's diverse work resume includes machining, mechanics, bartending, event promotion, security, teaching, mechanical maintenance, and running a very successful small business. He has competed in action shooting, trap, long, mid, and short range high-power, bulls-eye pistol, small-bore, sporting clays, archery, pin, and plate shooting. He shoots locally and at state, regional, and national competitions. His time on the range has been reduced, but he still tries to get there as much as possible. Jeff is a Range Technician/Advisor, NRA Training Counselor, Firearms Instructor, certified/licensed referee and judge for amateur/professional boxing, and mixed martial arts. He was honored to be an invited official for the 2012 US Olympic trials. Over the many years in teaching self defense, Jeff received instruction from the best in the world, traveling both in the US and abroad.

He is the state coordinator for the Armed Forces Camps, has been a member of the NRA’s Clubs and Associations committee and hopes to eventually sit on the NRA Board of Directors. He is the spokesperson for Wisconsin FORCE in the Capitol and is the lead for range protection, cleaning up our knife laws and is committed to continuing the growth of Wisconsin FORCE to better serve the State of Wisconsin and believes because of the talented, devoted people in the State, he can play a part in achieving that goal.

REMEMBER THESE GUN SAFETY RULES: ALWAYS keep the gun pointed in a safe direction. ALWAYS keep your finger off the trigger until ready to shoot. ALWAYS keep the gun unloaded until ready to use.

Wisconsin FORCE is the Shield in Wisconsin that protects your Second Amendment rights.

The Shield protects you from attacks and keeps you safe as we move forward in the fight to restore lost rights. We have strengthened that Shield by creating the Wisconsin FORCE Political Victory Fund. This fund is critical, especially with the upcoming elections, including the future of our rights in Wisconsin. Wisconsin FORCE has been working with its partners in early candidate support, and this fund will strengthen that support. Every donation, as little as $10 or as much as $5000 helps strengthen the shield. Donate today by sending a check made payable to Wisconsin FORCE PVF or use your charge card by opening the “Donate” tab on the website, putting Wisconsin FORCE PVF in the comments box. By law you must include your full name, address, and occupation. Mail checks to: WF PVF, PO Box 130, Seymour, WI 54165-0130 Donations are not tax deductible.
The recruits that attend a U.S. Armed Forces Camp are introduced to the M16/AR15 type rifle. The course simply gives them a quick overview of the rifle and allows the Poolee to safely handle and fire 25 rounds of live ammo through the rifle. Originally created by Scott Taetsch, with the assistance of USMC Master Gunnery Sergeant Mike Krueger, concerned fathers of young Marines, this program is designed to introduce young Poolees to the M16. Although there are opportunities for education and training with firearms before enlistment, many of the recruits have not had any type of proper training, have not handled an AR or even had the opportunity to fire a gun. The goal is to help build confidence and help prepare young men and women who have committed themselves to defending our great nation and cherished freedoms.

A recruit that arrives at basic training in good physical condition has an advantage over one that doesn’t. Those that arrive out of shape still have a good chance of becoming a Marine with the help of the Marine staff, but that road is longer and harder. The Armed Forces Camp is not designed to make them Expert Marksmen, but prepares them for the finest instruction in the world. The program has been constantly updated to improve the opportunity offered to the Poolees. The goal is to make the program available for as many recruits as possible.
This is accomplished by keeping it a single day event and restricting the instruction to just introducing the recruit to the rifle and the Marine Corps safety and training procedures. With this advantage the recruits that attend have an edge as the Marines make riflemen out of all of them with their state of the art training.

The first camp, known as “The Poolee Program,” was held at Heritage Shooting Inc. located at Stone Bank Sportsmen’s Club, Ashippun, Wisconsin. Heritage was formed in 1995 to foster and promote the shooting sports by educating the public, especially youth, promoting hunter safety and ethics, and fostering and encouraging the rights of American citizens to own and bear arms as provided by the Constitution. Heritage has developed several training/introductory programs, including the Armed Forces Camp, that are now offered nationally by the National Rifle Association (NRA).

At the inaugural camp in 2004, only local Wisconsin recruiting stations, Milwaukee and Racine, were invited with 165 recruits attending. In 2005, volunteer and Marine father, John Nielson, created the PowerPoint Briefing for the recruits, and the Sheboygan recruiting station was added. In 2006, Marine Chief Warrant Officer “5” Scott Reinhardt came on board as the one Marine constant contact for the program. Reinhardt called the range commands up until he retired in 2014.

The first three years the camp was held at the Heritage facility in Ashippun, Wisconsin with attendees being bussed in to attend. Beloit Rifle Club, Beloit Wisconsin, and the LaCrosse Rifle Club, LaCrosse Wisconsin, were added in 2007, opening up additional opportunities for the recruits. Jeff Laughland took over from founder Scott Taetsch as Camp Coordinator in 2008, and working with NRA Board of Director Buster Bachhuber, expanded the program to Wausau, Wisconsin, held at the Duane L. Corbin County Shooting Range, utilizing local volunteers. In 2009, Stone Bank Sportsmen’s Club, Ashippun, Wisconsin, home of Heritage Shooting Inc., underwent a range upgrade and Sheboygan Rifle and Pistol Club, Sheboygan Wisconsin, came on board as a host club to offer another location and fill in for Heritage until the range work was completed in 2010 when Heritage again hosted a camp along with the Nicolet Rifle Club, Suamico, Wisconsin.

The attendees of the Wausau Camp in 2008 had the privilege to meet now retired NRA Secretary and Marine Corps legend, Major Edward J. (Jim) Land (Ret.). Mr. Land’s 24-year Marine Corps career included training the Corps most famous sniper, Carlos Hathcock. Land was also Officer in Charge of the First Marine Division Scout-Sniper program and USMC Marksmanship Coordinator, just to name a few of his many contributions. At the Wausau camp, Mr. Land coached several recruits on the firing line. His knowledge is widely known, but his ability to immediately connect with the recruits one-on-one was truly impressive. After volunteering as a coach starting in 2005, in 2009 Jeff Nass took the helm and continues to operate as Camp Coordinator. He works with the Marines, Scott Taetsch, and all the volunteers, continuing to offer the program for our future soldiers. Participants begin by receiving classroom briefing by Nass on firearms safety, sight alignment, trigger control, nomenclature, Marine line commands, and basic operation of the AR15/M16 rifle. Due to ammunition costs, this program would not be possible without funding through the NRA Foundation and specifically the Wisconsin Friends of NRA which to date has funded over $22,000.00 towards the program. Additional donors for camp supplies include DPMS (12-AR15A2 rifles), Colt (6-AR15A2 rifles), an anonymous donor that has donated 31,000 rounds of ammunition used the last three years, R&R Reloading, American Target, ValleyLaser, and D&H Manufacturing, to name a few. The NRA’s Chartered State Association, Wisconsin FORCE, has been the driving force with Executive Director Jeff Nass handling the coordination, upgrades, and logistics since 2009. In October of 2014, Nass was honored to visit the Edson Range and Training facilities at Camp Pendleton, California. The Marines have updated training and have an extremely modern facility adapting their training methods to continue the time held tradition of the making of a “Marine.” Once home, the program was updated including the Marine Corps firing line commands and range operational procedures. A post range briefing was suggested by Battalion Gunner V.H. Kyzer, who was in charge of overseeing the Weapons and Field Training Battalion, Camp Pendleton. The Wisconsin Armed Forces Camp utilizes AR15-A2 rifles with conventional iron sights. The post briefing introduces the recruits to the Rifle Combat Optic (RCO) currently used in the recruits’ basic training. All the changes made this year were made with assistance of the staff at Camp Pendleton.

With all the changes in 2015, Armed Forces Camp Director Nass traveled the state prior to the camps, briefing 75 volunteer coaches that support the program. “We were excited prior to the camps about the changes. In the past we had great response from Camp Pendleton and the recruits that attended.

continued on next page ..................
This year’s changes will greatly enhance the preparedness of these great young men and women.” To quote one of our female coaches, coaching for the first time, “I have to share that, for me, it was a bit emotional and inspiring to see these young people freely offering themselves to defend our country. A few times I felt myself ‘choking’ up a bit. We are so blessed to live in the country we do. And I felt honored to be a small part of it.” Nass then said “I would say that sums it up. Coaches, staff, Friends of NRA committee members, supporters and banquet attendees that support the camps know that great feeling of doing a small part in protecting this great Nation.” We are looking for a sponsor(s) (advertise your company) for coaches’ vests to be used for the camps. If you or someone you know is interested, contact jeff@wisconsinforce.org. You can also make a donation at www.wisconsinforce.org under the “Donate” tab, noting “Armed Forces Camp” in the comments box.
